

If Sinclair Broadcasting airs an anti-Kerry special just weeks before the election it is clearly overstepping any pretence of unbiased broadcasting. Sinclair is attempting to sway public opinion in order to sway voters to vote against Kerry and vote for Bush. How unconscionable! I do not, as yet, know who the sponsors for that program are but I will make it my business to know. When I learn the sponsors I will never use their products again. I will make it my campaign that none of my family or friends uses their products again - ever. Sinclair Broadcasting should be reprimanded for attempting such underhanded and manipulative tactics.
